
LUCIDE
ILLUMINATES YOUR WORLD

We follow the light.

For 35 years, light has been our inspiration. What began as one family's vision has grown into an international lighting brand, driven by a simple belief: exceptional lighting should enrich the way people live.

From timeless classics to contemporary design, every Lucide collection is created with the same passion for quality, craftsmanship and innovation. We carefully balance aesthetics, functionality and atmosphere, because we believe lighting should do more than illuminate a room, it should elevate every moment within it.

Today, the second generation continues that journey with the same entrepreneurial spirit, embracing new technologies while staying true to the values on which Lucide was founded.

MARGARY

Third time's a charm. Because with its three pendants, Margary hanging lamp does exactly what it needs to do: create atmosphere and amaze everyone with its sophisticated design. With an eye for surprising technological capabilities as well. Take a look at the separate pendants in detail. The aluminium rod opens into an integrated LED bulb. That bulb spreads its warm white light neatly downwards. Slightly higher, an aluminium cylinder seems to float around the rod. This optical illusion is enhanced by the second integrated LED bulb between the two cylinders. Inside, the smallest cylinder seems to glow. That glow enhances the unique atmosphere Margary brings into your home. Each pendant is individually adjustable in height. You hang them 50 to 169 centimetres high. All at the same level or in a playful dialogue. You choose.

KNULLE

Combine cosy and comedy, and you have Knulle. This little table lamp stands out in its simplicity. The design is as simple as it is progressive. The base is asymmetrical and gives the lamp a surprising appearance. Above, there is just enough space to spread a beautiful glow. Below, the lamp shines warmly and spontaneously. The Knulle is barely 28 centimetres in size and therefore fits in any corner of your room. On your side table or coffee table, but also on your dining table. It even works outstandingly as a night lamp in a modern bedroom.

TURBIN

With the grace of a revolving princess in her best ball gown, the aluminium slats wave around the integrated LED lighting of Turbin. The cute table lamp is a modern cylinder of barely 10 centimetres wide, long and high. The integrated LED light spreads the light all around, through the chinks in the aluminium casing. Completely in line with its compact size, the table lamp is easy to install: just plug the cord into the socket and switch Turbin on or off with the button on the lamp.

A spectacular and stylish chandelier for above the dining table? The kind that your guests will talk about for days? Maloto knows exactly how to do that. Six pendant lamps are attached to a metal plate measuring 130 by 30 centimetres. Their glass lampshades are inspired by retro designs and take on three different shapes to create a kind of playful elegance. Each lamp is adjustable in height so that you can optimally adjust Maloto to the space. You can also connect this chandelier to a dimmer. For the perfect mood during cosy dinners.

MONSARAZ

Genuine glass is the key to lighting that exudes natural luxury and elegance. This is the secret of the Monsaraz pendant lamp. The 3 light sources are suspended at varying heights, surrounded by different coloured glass spheres. The ribbed surface of the glass creates a dynamic play of light. The numerous reflections from the light sources reveal a different side of Monsaraz each time you look at it. The height of each light point can be adjusted from 70 to 150 centimetres. Connect this pendant to a dimmer for the ultimate ambience enhancer.

TOLEDO

Toledo radiates nothing but warmth, just like the authentic Spanish city that this pendant light is named after. The combination of amber-coloured glass and copper perfectly lends itself for this design. This chandelier is a tad vintage, but also fits modern and rustic settings. The copper part of the lampshade was given a subtle wood motive, which adds softness to the entire feel. Hang this light at the right height thanks to the adjustable cord and connect it to a dimmer for the perfect result.

FIRMIN

Classic pendant lamps in a contemporary design are and remain fan favourites. Firmin has already understood this well and eagerly responds to it. This chandelier with three light points is a warm addition to traditional dining rooms and kitchens. You can also easily adjust it in height, from 50 to 150 centimetres. Around the light points are glass lampshades, finished with a refined metal accent. Connect Firmin to a dimmer for the right atmosphere at every dinner.

JULIUS

A vintage touch for your rural interior? Or an eye-catcher for your modern home? Pendant lamp Julius feels at home in both scenarios. Three balls of light descend on their textile cables from the elongated mounting plate. The glass balls are finished in a fumé jacket. That is the secret element that gives Julius its special look. The balls of light are easily adjustable in height for the installation. You let them dangle from the ceiling for up to a metre and a half. Neatly in a row? Or why not each marching to their own drum? The sky is the limit, and Julius gives you all the tools needed to do your own thing.

JOANET

A rectangular floor plate, two steel pillars that intersect at the highest top, with a lampshade in high-quality fume glass at the end. Those are the ingredients that shape Joanet. This modern floor lamp works well in contemporary interiors. It is 150 centimetres high and weighs only 4.3 kilograms. The rounded square around the LED bulb contributes to the clean look. You can easily operate Joanet via the switch incorporated in the cord.

ORLANDO

Orlando is the perfect image of elegance and style. The black smoked glass almost wraps the room in a mysterious atmosphere. Especially if you combine Orlando with the right LED light: a tubular filament light with smoked glass. Perfect for setting the right tone in every room. Especially when you connect this pendant light to a compatible dimmer. Let Orlando fully come into its own in the room by hanging it at the right height. This can vary between 120 to 170 centimeters. It is most comfortable in a modern interior, but brings mood and cosiness to a more rustic environment just as well.

JANY

Even with its compact dimensions, the Jany table lamp holds its own anywhere. Its shapes are reminiscent of a pouffe where you can settle down - cosiness: check! - while the combination of glass and metal create a retro look. The metal base is a completely smooth cylinder. The glass envelope around the light point is anything but flat. The glass has been developed into a ribbed, spherical shape. The swell in the glass gives the light a dynamic character. With benefits for every interior.

SUENO

Looking for a stylish table lamp that integrates perfectly into your interior? Sueno is the name. Made with high-quality, frosted glass on a brass base, it brings a touch of nostalgia into your home. The fine, round grooves in the glass complete the picture. Barely 13 centimetres wide, Sueno takes up the right amount of space on the dining table. It also looks great on a coffee table or shelf. You can easily turn Sueno on and off with the switch on the cord.

THUMBNAIL INDEX

TOUCH

TOUCH ME! After the Touch, Lucide has now released the Touch two. This table lamp is not only very nice but also very practical. It is namely equipped with a 'touch dimmer'. By touching the base with your finger, the lamp will light up, and by repeating this procedure, you can dim it back to your desired position. It is very handy to have next to the bed, but certainly also in other rooms of your home. Due to the balanced design, this beautiful table lamp fits either into a modern interior and one with a more classic design.

DANZA

A striking ceiling light deserves attention. So be sure to place Danza in a prominent position. Above the coffee table, on the kitchen island, in the entrance hall or in the guest toilet: this classic retro-look light fixture is extremely versatile. The spherical ceiling fixture frames the light source with fine, twisted metal wires. Thanks to its open structure, Danza looks beautiful paired with a filament light bulb. An external dimmer allows you to adjust the light intensity to suit your mood. This ceiling light measures 25 centimetres in diameter and 22.5 centimetres in height.

WOLFRAM

Playful, sleek, busy, industrial. Wolfram has everything. The high-quality metal of this ceiling lamp reinforces the expressionistic design. The convex shape in turn creates a nice accent so that the light source comes into its own perfectly. Although Wolfram feels comfortable with everyone, we suggest matching it with a modern and industrial interior. This makes full use of its unique features. Connect this ceiling lighting to a dimmer and determine the atmosphere that Wolfram radiates yourself.

MESH

Mesh sounds tough and sleek. Exactly what this floor light is. A double steel cage around the light source allow for a small ray in the dark. Its marble base adds body to the light. This is mood and a strong light source with a statement all in one. Combine the fixture with an LED or a filament lightbulb for warm, white light. You operate the light using the on and off switch in the cord. At a height of 200 centimetres and a width of 167 centimetres, this light spans just enough room to make a modern interior extry cozy.

NOLAN

Looking for subtle mood lighting in a mantle that can be shown off? Nolan is your partner in crime. Its dark bell-shaped outer shell forms a playful contrast to the clear interior. Nolan hides its light source under a small, round dish attached with metal connections. With a diameter of 24 centimetres and a height of just under 22 centimetres, this metal ceiling lamp is present without being overwhelming. Ideal for above the counter, in your bedroom or even in the hallway. With an external dimmer, Nolan always adjusts to your wishes.

SIEMON

Siemon combines a hint of retro with a touch of modern. Two top ingredients for a successful ceiling lamp in your hall, living room or kitchen. This ceiling lamp is made of high-quality steel, has a diameter of 25 centimetres and weighs only 800 grams. Because of its design, Siemon looks adorable and modern at the same time. In the middle of the semi-circular lampshade, you will find a round disc that clamps itself above the light bulb. This way the light is reflected perfectly along the walls of the lampshade. Connect this lamp to a dimmer for an optimal atmosphere.

MARIT

It's all in the details. That is also the case with Marit. The compact table lamp - barely 12 centimetres high - starts from a simple base. The thin foot climbs vertically upwards and ends in the fitting for the light source. What makes the table lamp extra special is the textile cord wrapped around the base. The retro line work on the textile cord immediately attracts attention. You also have the freedom to choose a light source yourself. A small tip: with a filament bulb, you get the best out of Marit.

SUZY

Wake up little Suzy. Wouldn't that be something? To be able to simply turn this table light on by singing it songs? Suzy is only 16 centimeters tall and has a diameter of 12 centimeters, but she holds her ground. Produced from black, high-end metal and with an inside in matt gold, it radiates nothing but atmosphere. This gets reflected on the surface you place it on. Combine Suzy with the right LED-lightsource and switch this table light on and off with the switch incorporated in the cord.

TUSSE

Pendant lights of natural or simple materials are ever popular with young and old, both in a modern and classic interior. This Extravaganza Tusse chandelier is made of high-end linen and lends a golden touch to your interior. On the other hand, its round shape adds a retro touch. This elegant light has one light source surrounded by a linen lamp shade. The cord is neatly tucked away and the light is easily adjusted in height, from 50 to 152.5 centimetres. Give your room even more cachet by connecting Tusse to a dimmer.

FRIZZLE

In the Extravaganza collection, we like to add a pinch of boudoir to a healthy portion of retro. The cheerful colours of the Frizzle table lamps are the ultimate retro accent for any room. From your hallway to your bedroom or living room. Frizzle not only looks playful, it also has a lot of stylish features. These are shaped by the materials used, in turn a play between high-quality metals and fabrics. A satin ribbon around the fabric lampshade finishes it off. Like a package with a nice bow around it. This fine table lamp can be switched on and off easily via the switch in the cord.

VELVET

Looking for an elegant table lamp that catches every glance with its unique design? Your prayers have been answered. Meet Extravaganza Velvet, one of the surprising lamps that are happy to go a step further with their design. The contemporary, cylindrical lampshade rests on a unique base. The shape is reminiscent of a vase. But what really makes it special are the choice of materials and the design. The woven pattern of the metal cover comes to life when you turn Extravaganza Velvet on. From above, the diffuse glow creates a dialogue between light and shadow. As if light shines from within the lamp base. This optical illusion is guaranteed to surprise every visitor.

LIVRET

Like a book reveals its story page after page, Extravaganza Livret spreads its light beams. And that may be taken literally. The design has the form of a book. The cover is made of high-quality metal, as are the pages. The latter are metal plates, which are perforated. This creates movement in the scattered light. At the same time, this 'transparency' ensures that there is no solid shape on the table, but an airy lamp with decorative added value. This compact table lamp is suitable for an LED bulb. Turn Extravaganza Livret on or off? That's easy, with the switch on the cord.

GUST

Hats off for this likeable table lamp. Like a accomplished young man, Extravaganza Gust brings a touch of humour to your living room, bedroom or desk. In a stylish way as well. The plastic gorilla - don't hesitate to call it Gust - reaches up with his left hand to tip his hat. Not just a hat. The bulb is hidden inside the hat. The open top gives the light free play upwards, just as the space between the head of the gorilla and the hat itself spreads the rays of light downwards. Switch this extravagant lamp on with the switch on the cord and relax. Gorilla Gust is already setting a good example.

SIR WINSTON

A tough bulldog with a high cuteness factor as a basis for a retro table lamp. Extravaganza Sir Winston effortlessly combines class and kitsch. The depiction of the bulldog is made of high-quality porcelain. A fine runner comes out of its head. At the top of that rod: the light point. It is surrounded by a linen lampshade. This cylinder ensures a diffuse spread of the light. Ideal for creating a cosy atmosphere. Sir Winston measures 31.5 centimetres from his paws to the crown of the lampshade. Compact company that feels right at home everywhere in the house. You insert the plug in the power outlet and switch the table lamp on with the switch on the cord. Quick, simple and with decorative added value.

BEREND

With Berend by your side, you start every day on the right foot. And especially when you place this wall lamp next to the bathroom mirror. The classic design has some modern touches. Just look at the accents in brass in combination with the black steel. The spherical shade and the elegant design are reminiscent of the stately mansions of yesteryear. Berend is an added value in any bathroom. The wall lamp is specifically designed for safe use in damp rooms. Which is not to say that you cannot place Berend in a stately hall, in combination with a handsome work of art or monumental mirror. By the way, did you know that you can easily connect Berend to a dimmer? You thus immediately determine the right atmosphere. In your bathroom or in another room.

JELTE

Jelte is a small and almost cute wall light, specially designed for safe and long-term use in your bathroom. On top of a thin, black, metal foot is attached an opal-coloured glass piece with a diameter of 15 centimeters. The design fits both modern and classic interiors. Mount the armature on the wall and then connect it to a dimmer. From now on, you will get in the right mood from the moment you brush your teeth in the morning.

TRUDY

Modern in materials, traditional in looks. Trudy is a ceiling lamp specially designed and made for safe use in the bathroom. The three spheres in glass hang on a metal bar that is connected to the ceiling panel. Trudy hangs sturdily from that. This flush ceiling light measures 28 x 28 x 18 centimetres. It thus remains small and cute, but make no mistake: it gives off enough light to hold its own. If desired, you can also connect Trudy to a dimmer.

TYLER

Light in your bathroom must be functional. But who says that light shouldn't set the atmosphere? Or that a light fixture should not look stylish? This ceiling lamp with a retro look will remove any doubts. Tyler is the perfect combination of attractive fumé glass and brass. Moreover, you can easily connect Tyler to a dimmer. The ceiling lamp is designed for long-term and safe use in damp areas such as the bathroom. Not a fan of matte gold? Then go for the version with a black steel ceiling plate.

TAYLOR

Taylor knows better than anyone how important good lighting in the bathroom is. This ceiling spot is made of high-quality aluminium and is specially developed for safe use in the bathroom. It not only has a modern, cylindrical look, but is also extremely practical thanks to the supplied dimmable light bulb. You can dim Taylor to a warmer colour temperature thanks to dim-to-warm technology. Ideal for those who do not like bright light in the morning. Then turn and tilt the ceiling lamp to the place in your bathroom where you need Taylor. Due to its compact dimensions, it feels at home in almost every bathroom.

AVEN

Ceiling spotlight Aven looks like a simple, cylindrical spotlight. Nothing could be further from the truth, since the design has been well thought out. Aven is specially designed for installation and use in bathrooms. The fixture is made of high-quality aluminium, and your spotlight is covered with a separate glass cover. You can thus easily switch the ceiling spotlight on and off, and you don't have to worry about moisture. You can easily connect Aven to a compatible dimmer. You can use a dim-to-warm spotlight bulb in this fixture. That allows you to set the right atmosphere, even in your bathroom, based on an adjustable colour temperature of the light source.

BRICE-LED

Are you looking for a high-quality ceiling lamp equipped with the latest LED technology and a timeless design? The Brice LED round from Lucide is absolutely the right choice for your living room, kitchen, hall, or toilet. Let's start with the base of the Brice LED. Every model of the Brice LED series (round or square) is equipped with quality LEDS from the renowned LED manufacturer Epistar. These LEDS have a very high lumen output and provide a fully uniform, warm white light distribution. A big added advantage is that, if desired, the Brice LED can be dimmed perfectly well (dimmer not included). This allows it to always meet the lighting need of the moment. The armature itself of the Brice LED is made from 1 piece of aluminium and is therefore completely seamless. You can see immediately that the Brice LED is really of a higher class than a typical ceiling lamp. Pure simplicity and a beautiful design with superb lighting technology. The Brice LED round is available in Ø 12 - 18 - 24 or 30cm.

MADEE

Class and elegance brought together in a unique design, with a base of metal and a lampshade of glass. Madee, as this ceiling spotlight is called, feels right at home in any room. A living room, hall or kitchen? Even the smallest room is happy to house Madee. You can easily twist and turn the fixture depending on the precise place you need your light. Don't need so much light? You can easily connect Madee to a dimmer. And thanks to the mounting plate, you can quickly and easily mount the spotlight on the ceiling. The best thing is that you don't have to pick a standard spotlight: Madee is compatible with LED. So why not pick a filament lightbulb for that extra atmosphere factor?

MAREN

Anyone who says that a wall spotlight is basic clearly does not know Maren. This wall spotlight translates a classic base and dynamic metal grid into a surprisingly retro accent for your interior. Small in size, great in appearance. The light point is surrounded by a fine metal mesh construction. The lamp diffuses its light neatly through the spherical grid. Maren is rotatable and tiltable, so that you enjoy maximum flexibility for your daily lighting needs.

ZIVA

It is important to have enough light in your bathroom, and recessed spotlights are the perfect way to create enough light. But you might want to have a bit of ambiance, too, sometimes, to enjoy a hot bath, for example. In that case, Ziva is the perfect lamp for you. The round design of this recessed spotlight with a diameter of 7.5 centimetres is great for both classic and modern bathrooms. With the dim to warm function, you can simply set the right colour using a compatible dimmer. The light bulb can be adjusted to meet all your demands. Are you looking for some Zen? Turn the dimmer to 2200K and enjoy your hot bath like never before. And of course, Ziva is also at home in your other rooms.

TALOWE LED

An elegant and bright ceiling lamp for a modern interior. This Talowe LED resembles a style icon from the 1960s, but most of all it shows that it is timeless. This ceiling lamp owes that to its great details and versatile design. The aluminium frame is robust and includes a translucent diffuser in acrylic. That lets you enjoy warm white light in your cosy living room, entryway or bedroom, beautifully and evenly spread through the room. With 1800 lumens, you can also see clear as day at night. That the ceiling lamp uses very little energy it owes to the integrated LED light. And a free tip: when you want to make it cosy in your living room, just add a dimmer.

EKLYPS LED

A cosy warm light on your ceiling or wall. That is Eklyps LED. This version is flexible: feel free to use it as a wall lamp or ceiling lamp. Eklyps LED is fairly small in size and creates a warm glow in your environment and on the wall. The lighting is hidden behind a sleekly finished metal disc. Once the light is turned on, the disc changes into a diffuse glow that creates warm accent lighting. The aluminium base of the wall lamp can be attached easily to the wall. The integrated LED lighting does the rest. Eklyps LED fits perfectly in modern interior architecture, and in pretty much any room. Add an extra touch to your dining room, the guest toilet, the foyer or your lounge: anything is possible, nothing is required.

OTTELIEN

Ottelien, a special name for an exceptional wall light. Its most striking feature is undoubtedly its remarkable fitting, which makes the light source almost look like it's floating. Ottelien might only have one light source, but it radiates charisma into the room. Beautiful, simple and made of high-end steel. That is all it needs. Exactly those elements make the wall light feel right at home in a modern and a rustic interior. Even lovers of vintage and retro will find it to their liking. Connect Ottelien to a dimmer and you can set the perfect mood. The fixture is 17.7 by 21.8 centimitres. You can easily mount it on the wall by using the mounting plate.

SCOTT

Why make a wall light difficult if purity can be so beautiful? Scott is a wall light that shines thanks to its simplicity. The beautiful finish in matt-lacquered metal adds a simple yet eye-catching result. Especially if you combine multiple models in a row. To give your hallway added atmosphere, for example. Or as subtle lighting in the smallest room? Wherever you install Scott, you should pick a filament bulb as light source. This allows you to create extra atmosphere with this subtle wall light.

MATSLOT

Elegant, stylish and yet contemporary. Matslot is a wall light for your garden, your terrace or your front or back door. Why? Because of its rustic form and clear reference to the classical lantern. It goes hand in hand with a modern finish and a characteristic artisanal touch. You can tell by the glass window, finely detailed with a decorative edge and its classical look. This outdoor lighting adds style and refinement to your garden, terrace or driveway.

CADIX

Cadix lights up any modern or rustic façade and lends it style. This wall light is specially designed for long-term and reliable outdoor use. Cadix is part of the IP65 categoory, which means it is dustproof and protected from water jets and rain. Thanks to the high-end aluminium, Cadix is also resistant against all weather conditions. The lightsource is protected in a cover made of durable pvc. Cadix is compatible with an LED lightsource. Its cylindrical armature looks even better with a tubular lamp. You can also connect Cadix to a compatible dimmer. Perfect for creating that mood lighting during an outdoor dinner.
